

ABOUT THE SYMPOSIUM

It is our immense pleasure to announce that 2nd international symposium on “Global Trends in Health, Technology and Management” will be organized by the Global Health Techno Management Forum (GHTMF), and Global Institute of Pharmaceutical Education and Research (GIPER), Kashipur, India. The symposium aims to review the current global trends in health care, technological evolutions and changes in management strategies which have changed tremendously after the COVID-19 pandemic. The symposium is in line with the objectives of the GHTMF to engage the experts in the relevant fields to provide a common platform to address and discuss the latest developments, problems with the representations from academia, industries, government and non-government organizations, and corporate. The symposium aims to explore the ongoing developments, integration of technologies and management along with other pertinent possibilities to improve health and be better prepared for future pandemics. The scope of the symposium spans across the areas of drug discovery and development including synthesis of molecules, in different fields of medicine, digitalization in health industry, global health workforce development, artificial intelligence, sustainability and other areas related to management. The symposium will also provide opportunities of collaboration, networking and interactions for questing and solving real world problems such as health workforce and other resource scarcity especially to overcome emerging needs of health. We look forward towards your active support and participation and by sending the participants which would go a long way in making the event success.

ABOUT GHTMF

Global Health Techno Management Forum (GHTMF) formed by the Krishna Memorial Trust and Global Institute of Pharmaceutical Education and Research, Kashipur in the year 2023. It is supported by eminent personalities in the field of health, technology and management. The forum has under its wings distinguished academicians, scientists, and leaders. The forum aims at providing a common platform among educationists, corporate, industries (Health, Pharmacy, Biotech, Chemicals), politicians, the media and policy makers to augment health and management, educational growth and research. It will align the big leaders of health management and technology from various regions of India and countries around the globe to make an open space for networking and interactions for questing and solving the problems and making new business and creation of resources. The forum aims to delve into a wide array of pertinent topics such as drug design and discovery, digitalization in healthcare, artificial intelligence, research and innovation, sustainability, green agriculture, emerging technologies, and block chain. The 2nd International symposium on “Global Trends in Health, Technology and Management” being organized by GIPER would aim to cover these topics through lectures from the experts, and oral, poster presentations from the students.

ABOUT GIPER, KASHIPUR

Global Institute of Pharmaceutical Education & Research (GIPER) is one of the premier pharmacy academic and innovative research institute of India. It is located at the city of Kashipur, Udham Singh Nagar, Uttarakhand and managed by Krishna Memorial Trust (KMT) which is run by a team of scientists and educationists with the aim of providing an academic excellence in pharmaceutical sciences. The institute is well equipped with state of art facilities for drug discovery research. It puts emphasis on research and has successfully completed research projects under CSIR-OSDD scheme. It has organized several seminars such as the 1st International symposium of Global Trends in Health, Technology and Management at Dehradun, International Symposium on Drug Design and Development Research (DDDR-2021), International Symposium on Current Trends in Pharmaceutical and Medical Sciences (CTPMS-2020), International seminar on Global Trends in Health and Environment (2016), International Seminar on Pharmaceutical Education and Research (ISPER-2010), all of which were organized in GIPER, Kashipur and the 9th International Symposium on Computational Methods in Toxicology and Pharmacology Integrating Internet Resources (CMTPI-2017) was organized at Goa. The institute has produced several Gold medallists in the past years in the stream of pharmacy. The passed-out students of GIPER are well placed in pharmaceutical sector.

ABOUT THE VENUE

Kashipur is a city of Udham Singh Nagar district in the Indian state of Uttarakhand, and one of its seven subdivisions. Located in the western part of Udham Singh Nagar district, it is Kumaun's third most populous city and the sixth most populous in Uttarakhand. The weather of Kashipur in the month of February is pleasant with a high of early twenties and low of around 15 degrees Celsius. Major tourist attraction includes Drona Sagar Lake, and various ancient temples including nearby Jim Corbett national Park, & hill stations such as Nainital, Bhimtal, Almora etc. Kashipur is well connected by different modes of transport & has a railway station having connectivity with New Delhi, Lucknow, Dehradun, etc. The nearest airport is Pantnagar airport which is around 71 km from the Kashipur city. The Tiger Camp is a serene, well-wooded resort ideally located between Corbett National Park, River Kosi, and hilly forests, offering stunning views. Known for 15 years as a “value-for-money” destination, it provides excellent services for both domestic & international wildlife enthusiasts. With air-conditioned Deluxe Cottages and Superior Rooms just 3 km from Corbett's Bijrani Gate, Tiger Camp blends wildlife experiences with cultural charm. Guests enjoy expert-guided jungle excursions, bird walks, wildlife lectures, daily film screenings, and a taste of authentic Kumaoni culture with modern comforts.
